

May 2017

Dear

Please plan on attending a required "Pre-AP Biology" meeting either during 2nd lunch 5/18 or 5/19 or after school on 5/22 or 23 in room 411.

Attendance at **one** of these sessions is mandatory if you want to take AP Biology next year.

The meeting will be short (about 30 minutes) and will cover summer work and requirements.

If you cannot make one of these four sessions you **MUST** get in touch with Dr. Gottfried before 5/18 to make other arrangements to get the information. Failure to do so would make a very bad impression and might get you dropped from the class.

If you sign up for the "Remind" service, I'll send you SMS text messages (or email) to remind you of the meetings.

Remind: Either text @apbio1718 to 81010 or email apbio1818@mail.remind.com

Standard text rates apply.

If you use the email option you can leave the subject and body of the message blank.

There is also a sign up page: <https://www.remind.com/join/apbio1718>

(If you have trouble with the 81010 number, you can try texting @apbio1718 to (469) 203-4872

Thank you,

Dr. Gottfried

IMPORTANT NOTE:

IF YOU DO NOT PLAN ON TAKING AP BIOLOGY, PLEASE HAVE THE COURTESY OF LETTING ME KNOW!

IF YOU KNOW OF SOMEONE WHO PLANS ON TAKING AP BIOLOGY WHO HASN'T BEEN "INVITED" TO THESE AFTER-SCHOOL MEETINGS, PLEASE HAVE THEM SEE ME ASAP.
